EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. R. Keagy, esq., on 07/30/2004.

The application has been amended as follows:

In claim 1 replace the words "removing particles on" after the words "A method for" by the word ---cleaning---

In claim 1 replace the clause "more than 5 sec" after the words "wherein the prescribed period of time is" by the clause ---20 sec or more---

Cancel claim 2

Response to Amendment

2. All previous objections and rejections have been overcome by Applicants' amendment with clarifications and in combination with Examiner's Amendment and the objections and rejections are withdrawn.

Allowable Claims

3. Claims 1, 3-20 are allowable over the prior art of record.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance: Claim 1 is amended introducing a specific prescribed period of time or delay time, which, as shown by Applicants' disclosure, provides unexpected and superior cleaning results compared to traditional cleaning, performed without any specific delay in time between introducing the wafers into a cleaning solution and feeding ultrasonic waves into the same solution.

No other prior art that anticipates or suggests fairly the specific limitations of the instant claims have been located as of the date of this office action. Therefore, claims 1, 3-20 are allowed over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
